

MANYONI RIDGE

SAFARI LODGE

FACT SHEET

Manyoni Ridge Safari Lodge
Manyoni Private Game Reserve, KwaZulu-Natal, South Africa

Overview & General Information

There is a particular kind of quiet that only exists deep in the African bush. A quiet that makes you notice your own heartbeat again. Manyoni Ridge was built to protect that quiet, and to share it. We are set in the heart of Manyoni Private Game Reserve: a place with rich history, flourishing conservation efforts, and a remarkable window of opportunity for locals and international visitors alike to experience South Africa in a brand new light.

WHAT YOUR STAY MEANS

Protecting Manyoni’s heritage is an active conservation story. Not a historical account, but a story that is still being written, and one that forms an integral part of Manyoni Ridge itself. Our guests become custodians of the wild and our mission.

Jul–Sept: 11°C to 25°C. Rainfall low
Oct–Dec: 18°C to 30°C. Rainfall moderate

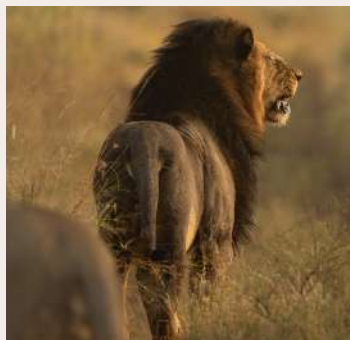

The Wilderness We Call Home

In 2004, with the drop of a single cattle farm fence, Manyoni Private Game Reserve took shape for the first time. Since then, 17 fences have come down, the land stitched together by families who wanted their property to be part of something bigger. Sharing this heritage is an active conservation story; one we invite our guests to be part of.

While the wildlife on the reserve roams freely, Manyoni Ridge Safari Lodge, as a camp, is fenced for our guests' safety and leisure.

We Are Building A Legacy That Comes With A Lodge. Not The Other Way Around.

We love this land. The bush was our childhood, our home, our space to reconnect – with nature, with family and with ourselves. Through Manyoni Ridge, we want to share this experience with others because we believe that doing so will awaken the wild in their hearts, as it has done for us.

“We have one chance to make something amazing, because the land is not coming back.” – Noel Otto

We want to invite our guests and business partners to be part of a story that is so much bigger than a trip. To become custodians of the wild who give back to the land, wildlife and communities we share our home with.
